### Software Developer PT Smartin Teknologi Sistem

- At PT Smartin Teknologi Sistem, I served as a Full Stack Developer with a specialization in Laravel, contributing to the development of various applications. With my expertise and experience, I held an intermediate position, demonstrating proficiency beyond junior level. In this capacity, I adeptly handled both frontend and backend tasks, showcasing my comprehensive understanding of the Laravel framework.

Furthermore, my collaborative nature and strong communication skills allowed me to excel in team settings, where I actively participated in discussions and problem-solving sessions. As a valuable team member, I contributed to brainstorming sessions and provided innovative solutions to meet client requirements.

Moreover, I exhibited a proactive approach in client interactions, promptly addressing their needs and preferences. Whether working independently or as part of a team, I consistently delivered high-quality solutions, demonstrating my ability to adapt to diverse work environments and effectively manage project demands.

Overall, my tenure at PT Smartin Teknologi Sistem underscored my capabilities as a versatile and competent Full Stack Developer, capable of thriving in dynamic settings and delivering exceptional results.

### Freelance Web Developer | Full Stack Jokiicode

- I embarked on a freelance journey that spanned three years. During this time, I diversified my skills and services, catering to various client needs, including:

1. **Consultant Web Apps:** Providing expert advice and guidance on web application development to clients seeking strategic insights and solutions.

2. **Web Development:** Crafting custom web solutions tailored to clients' unique requirements, utilizing technologies such as Laravel, Vue, React, NodeJs, and AdonisJs.

- 3. **Hosting Website & Maintenance:** Offering reliable hosting solutions and ongoing maintenance services to ensure clients' websites remain secure, stable, and optimized for performance.
- 4. **Student Task Assistance:** Assisting students with their academic tasks, including homework, projects, and research papers, to help them achieve academic success.
- 5. **Problem / Error Solving:** Providing swift and effective solutions to technical issues and errors hindering the functionality of clients' web applications.

Throughout my freelance career, I've demonstrated versatility, adaptability, and a strong commitment to delivering high-quality services that meet and exceed client expectations. My dedication to continuous learning and problem-solving has allowed me to thrive in the dynamic and ever-evolving landscape of freelance work.

July 2022 - June 2023

**Frontend Web Developer**  
**Kejar.id**

- During my internship at PT IDS Rumah Pendidikan Indonesia, I was actively involved in developing frontend features using Laravel. Throughout this period, I demonstrated a strong commitment to learning and improvement, frequently seeking guidance and effectively communicating with supervisors to ensure project success. Additionally, I assumed the role of team leader among fellow interns, showcasing my leadership abilities and collaborative spirit. This experience not only honed my technical skills but also enhanced my interpersonal and leadership qualities, positioning me as a valuable asset in any professional environment.
